Know your tow vehicle to ensure the combination of trailer and cargo are appropriate. Recommended tongue weight for enclosed trailers is 7-10% of GVWR. Please note: It is the responsibility of the purchaser to adhere to the brake laws regarding trailers. For full information on trailering laws, contact your Motor Vehicle Department. All trailers ordered without brakes will have a GVWR of 2995 lb. (1359 kg). The trailer weights are based on 7' high box heights, take 100 pounds off the trailer weight for every 6" that the box is shorter than 7' high in size.
